Product description

Pen Syringe

We present an extremely funny gadget for people with strong nerves - a pen, which is an imitation of a syringe with a colored substance inside. This unusual pen is a guarantee of joy and smile, and at the same time a functional writing tool.

A syringe-shaped pen is a unique gadget that will certainly attract attention with its unusual form. It is made of durable plastic for durability and comfort while writing.

An additional effect in the form of a colored substance inside makes the pen look like a real syringe. Don't worry though, it's just a visual joke.

The refill of the pen is blue, which ensures smooth and precise writing. You can use it at school, in the office, or while taking notes.
