### Product description

#### Pen with 7 ml spray bottle

This innovative spray bottle pen is a practical tool that combines the functionality of a pen and the ability to spray liquid. Equipped with a bottle with a capacity of approximately 7 ml, it is an ideal solution for people who want to have quick and easy access to liquid in places where it is needed. Particularly practical in the summer, the spray gives you the opportunity to spray water on hot days.

The pen is about 18 cm long, the bottle is made of durable plastic, which ensures reliability and long-term use. The pen has been carefully designed to provide a comfortable and secure hold, while allowing precise spraying of the liquid.

This versatile tool can be used in a variety of situations. You can use it to spray water, disinfectants, perfumes or other liquids that you want to always have at hand. Whether you're on the go and want to refresh your skin, or in the office and need a quick surface decontamination, this spray bottle pen is the perfect solution.
