Brass ship bell

Number	19,226223
EAN	5902067226223

Product description

Brass ship bell

The ship's brass bell is a marine decorative element that cannot be missed in rooms in a seaside style. The bell will decorate a cabin, a sailor's bedroom or an office in a nautical style. You can hang it in the kitchen and use it to call your family for a meal. The brass bell will also be a thematic, nautical decoration in a seaside hotel or a hotel by the lake.

The bell is the symbolic soul of the ship. Ringing it on a ship marks the beginning of a new watch and the end of an old watch. The bells were credited with dispersing thunderclouds and driving away lightning and hurricanes. It is therefore a heartfelt gift for a sailor and a sailor.
