LED toilet lamp with motion sensor

Number	090,31-4071
EAN	4029811455201

Product description

LED toilet lamp with motion sensor

Toilet lamp with motion sensor. The gadget will be great, among others at home with small children who are afraid to go to the toilet at night or are just learning to use it. You do not need to turn on the light when entering the toilet. The lamp in the form of a pendant with a flexible handle is easy to install and aesthetic. The motion sensor makes it light up only when someone is nearby.

The backlight diode changes colors, you can stop the backlight on the selected color.

The gadget at a glance:

- plastic LED toilet lamp
- has a motion sensor
- diode changing colors (8 different), you can set one color
- powered by 3 AAA batteries (no batteries included)
- lamp in the form of a pendant, universal for all types of shells
- waterproof
- light, the weight of the lamp is only 40 grams
- lamp dimensions: 6.8 x 6.7 x 1.7 cm
- packed in a colored cardboard box
- a great gift idea for home and more
