Brass lenticular compass with floating black dial

Number	19,224243
EAN	5902067224243

Product description

Brass lenticular compass with floating black dial

The brass lenticular compass gives a great feeling of three-dimensionality, made of the highest quality materials. The dial is movable, which gives the impression that there is a liquid inside. The compass does not have a needle - its function is performed by the moving dial itself. A great idea for a desk gift, especially for a business one, after all, only the best bosses always know in which direction to direct their company. It will also be perfect for sailors and travelers.

The gadget at a glance:

- brass compass
- made of metal and glass
- very high-quality processing
- heavy - you can feel its high quality in your hand
- dimensions 5 x 5 x 3 cm
- very accurate mapping of details
- high quality gift idea

Product dimensions: 10 x 5 x 7 cm

Product weight: 0.14 kg
