## Foam Glider - 50 cm

Number	<b>090,60-1187</b>
EAN	<b>4029811485857</b>

### Product description

#### Foam Glider - 50 cm

Are you looking for a unique toy that will provide children with lots of outdoor fun? The Foam Glider is the perfect choice! This lightweight and easy-to-use glider is a great way to spend active time outdoors, while developing motor skills and motor coordination. The Foam Glider is not only a toy, but also an excellent educational tool. It allows children to experiment with aerodynamics, learning how different forces affect flight. It's a great way to combine learning with fun!

#### The gadget at a glance:

- glider made of foam
- we send as a mix of colors
- dimensions: length 50 cm
- packed in a polybag with a header card
- ideal for outdoor play
- safe for children

#### Ideal gift for:

- **Children:** great fun in the backyard, park or beach.
- **Parents:** A great way to spend time together with children.
- **Teachers:** An opportunity to introduce elements of physical science during outdoor classes.
- **Event organizers:** Ideal as a prize in contests and outdoor games.

#### Why it's worth having:

The Foam Glider is a guarantee of endless outdoor fun. It's easy to assemble and use, and thanks to its durable material - foam, it's resistant to damage and safe for the little ones. It's also a great way to encourage children to get active outdoors.
