## Insect observation kit with tweezers

Number	<b>18,046451</b>
EAN	<b>5413247046451</b>

### Product description

#### **Insect observation kit with tweezers**

The insect observation kit with tweezers is an excellent tool that encourages children to discover the fascinating world of insects. Includes insect containers with transparent lids, tweezers for gently grabbing insects and a magnifying glass. This set not only develops observation skills, but also encourages learning and exploration of nature in a fascinating way.

Warning:

After completing the observation, the insect should be released into the wild. It should not be kept in a container. When observing, be careful not to harm it. We love nature and we care for it!
